

Tertiary Services in Hospitals: Perspectives on Funding, Casemix and Management.

8 APRIL 2008, Fisher and Paykel Clinical Education Centre,
Level 5, Auckland City Hospital, Park Road, Auckland.

For several years now, District Health Boards and the Ministry of Health have been concerned with adequately funding tertiary service provision in New Zealand. On an international level, this is managed differently, depending on the country and health sector.

The conference focuses on the major features of tertiary provision in New Zealand's hospitals. The day comprises key note addresses of the global issues, and a strong emphasis on your participation in Workshops. The objective will be to present and discuss research findings to build a common platform of shared knowledge on funding and managing tertiary services.

Speaker Information

ADHB National Conference on Tertiary Services in Hospitals: Perspectives on Funding, Casemix and Management.

Tuesday 8 April 2008

Fisher & Paykel Clinical Education Centre, Auckland City Hospital, ADHB Grafton.

Professor Dr. Christian Ernst, University of Hohenheim, Stuttgart, Germany

Professor Ernst has researched extensively in the field of health efficiency and tertiary case mix analysis. Also he is teacher of strategic management accounting and has undertaken various international studies.

Associate Professor Paul Rouse, University of Auckland

Associate Professor Rouse has worked extensively with the Ministry of Health, District Health Boards and the District Health Board New Zealand for nearly a decade on tertiary funding and national pricing issues.

Stuart Powell, Ministry of Health

Stuart Powell holds a senior position within the Ministry of Health and has led the development of the national pricing programme

Jean Wignall, Clinical Analyst Manager, Decision Support, ADHB

Jean Wignall, a Decision Support expert, is especially interested in payment systems for tertiary services. She is also a member of the NPP Tertiary Adjuster Group.

Michael Rains, Principal Advisor, DHB New Zealand

Michael Rains is a leading expert on case mix methodology and has led the development of the New Zealand version (NZ08).

Cornelia Ullman, University of Hohenheim Management Research Intern, ADHB

Cornelia Ullman is specializing in the management of social institutions, especially of health organisations. She's working at the ADHB as a management research intern with a strong focus on service planning and efficiency.

Ralph Correa, Planning & Strategy Analyst, ADHB

Ralph Correa is responsible for ADHB's price volumes schedules and revenue allocation for the Auckland DHB. He also manages performance reporting for the funder arm.
